

**PRODUCT NUMBER: 50129762-001**  
**HL400-F Frame dispenser with**  
**400 pairs Laser Lite**

The Honeywell HL400 Earplug Dispenser is built for lightweight, durable convenience. With a simple twist of the knob, it dispenses any Howard Leight disposable foam earplug. Better yet, refilling and mounting the dispenser are just as easy

- Medical and Pharmaceutical • Metal steel • Mining and Quarrying • Offshore • Paper Industries
- Petro-chemical • Printing Industries • Services • Ship Building • Telecoms • Textile Industries
- Transportation • Utilities • Water treatment • Welding • Wood Industries

**Features & Benefits**

**Feature**

Durable plastic design is an economical choice for dispensing earplugs . The HL400 base is able to fit on existing wall mounts of other dispensers, including the Howard Leight LS400, as well as competitor mounts. The universal hole positions match many other dispensers, eliminating the need to drill new holes. The table base can also be mounted to a horizontal surface to ensure stabilization and prevent movement. • Mounts to wall or stands as table-top dispenser with balanced footing • Twist knob to dispense uncorded earplugs • Catch basin prevents earplugs from falling to the ground • Matrix, Max, Max Lite, Laser Lite and MultiMax bulk bag refills available • Holds 400 pairs of uncorded earplugs VIBRANT COLOURS Makes protection fun – and highly visible. SELF-ADJUSTING FOAM Polyurethane foam adjusts to fit virtually every wearer. CONTOURED T-SHAPE Aids in easy insertion, removal from ear canal

**Benefit**

The bright idea in hearing protection, Laser Lite's low-pressure foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers easy handling. Its high visibility magenta and yellow colors make compliance checks quick and easy. Plus, Laser Lite is available with special packaging and dispenser options, ideal for process industries with low tolerances for packaging waste.
