

Social Distancing Floor Mats

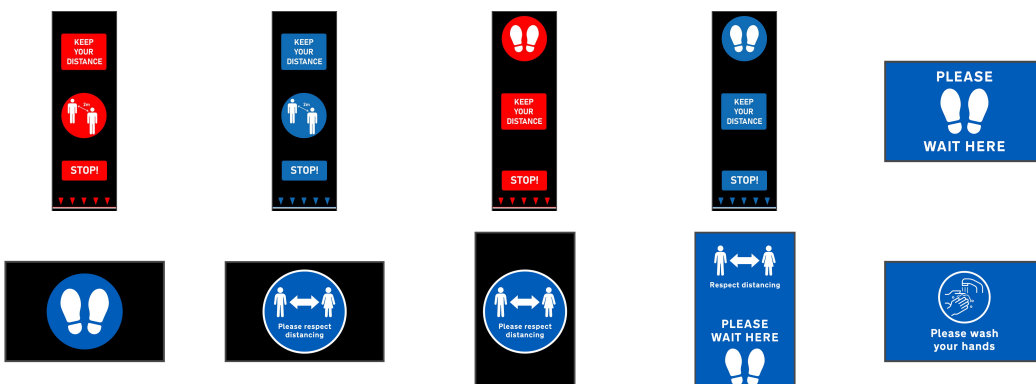

Floor mats to promote social distancing, and health and hygiene awareness

- Communicate hygiene and social distancing rules to your staff or customers to limit the spread of Coronavirus.
- Ideal for all public buildings including retail, hospitality, healthcare, supermarkets, and offices.
- A cost effective and durable way to demonstrate that your business is 'COVID-19 Secure.'
- No more expensive than floor stickers but can be relocated and washed with ease.
- Printed digitally for superb colour reproduction and definition.
- Low profile borders to reduce the risk of trips.
- Some designs available from stock. Stock of the 0.6 m x 0.95 m mats available week commencing 6th July.
- Machine washable at 30°C.
- Product Height: 6 mm.

In addition to social distancing, special clean mats for contamination control can also help to better protect interiors for employees and customers.
